

Ethan Shulman

Software Engineer

Johns Creek, GA | [LinkedIn](#) | 508-776-3896 | shulmaneth@gmail.com | [GitHub](#)

SKILLS

- Git | HTML | CSS | Javascript | JSX | SQL | React | Sequelize | Node.js | Express | PostgreSQL | Elephant SQL | Jira | EJS
- Knowledge of various development tools such as Visual Studio Code | Github | Postman | Vercel | Render | Vite
- Other softwares I am proficient in, FL Studio | Pro Tools

PROJECTS

Recipe Helper Application (React.js, HTML, CSS, Javascript) Role - Sole Developer

- Implemented an innovative culinary application designed to streamline and enhance the cooking experience. Users can input a specific ingredient, and the integrated API promptly retrieves a curated selection of recipes featuring the chosen ingredient, providing a comprehensive cooking solution.
- Users can also use the application to simply find new recipes involving their favorite ingredients (without Google).

Music Hub Application (HTML, CSS, Vanilla Javascript) Role - Front-End Developer

- Developed and integrated an application programming interface (API) to seamlessly extract song data from the comprehensive Spotify database. <https://grooved-in.vercel.app/>

EXPERIENCE

Talk of the Town (Roswell, GA / 2015-2018)

- Exemplified culinary expertise as the chef, meticulously preparing and presenting gourmet meals for guests, while adhering to temperature standards and aesthetic presentation.
- Performed duties that encompassed a range of responsibilities, including precision in food and beverage service, skilled presentation of hors d'oeuvres, adept dish bussing, and prompt fulfillment of guests requests.
- Demonstrated meticulous attention to detail in the setup of banquet spaces, including arranging glassware, service ware, and linen to meet exact specifications outlined by supervisors.
- Managed carving stations during major events, showcasing proficiency in the art of culinary presentation.
- Brought valuable expertise to weddings and business events, providing memorable culinary experiences for guests through an array of thoughtfully crafted dishes.
- Upheld unwavering commitment to rigorous safety and sanitation standards, ensuring a hygienic and secure dining environment.

IBEW Local 613 (Atlanta, GA / 2018-2021)

- Contributed expertise in conduit management, wire installation, and light fixture replacement for diverse commercial enterprises in the vibrant business landscape of Atlanta.
- Led comprehensive demolition efforts across the city, followed by the seamless implementation of state-of-the-art electrical systems, ensuring optimal performance and safety.
- Successfully orchestrated the integration of cutting-edge PA systems and electric screens for the MARTA train stations, enhancing public communication and operational efficiency.
- Demonstrated proficiency in operating manlifts and skillfully installing a wide range of specialized electrical equipment.
- Collaborated seamlessly with fellow contractors on multifaceted job sites, ensuring the time and precise completion of tasks to exacting standards.

Flame LLC (Atlanta, GA / 2021-2022)

- Delivering and installing premium-grade gas grills to enhance outdoor living spaces, including both backyards and balconies.
- Providing expert-level installation of superior gas logs to elevate the ambience and functionality of customers' fireplaces.
- Offering meticulous repair services for gas grills, ensuring optimal performance and safety.
- Performing comprehensive maintenance and installation of fire pits, tailored to meet the specific needs and preferences of our discerning clientele.
